VELUX fixed dome CFJ, 15 cm

The VELUX fixed dome is a simple daylight solution for uninhabited rooms or buildings such as a small production factory, a car service or a stock facility. Can be upgraded to vented solution with 'Replacement frame for ventilation' ZCJ 1210.

- Meet customer needs and your local conditions with three different base sizes.
- For easy and convenient installation, the VELUX dome is delivered with few, large components.
- With the sturdy packaging, you can be sure your VELUX domes arrive on site safely and undamaged.
- Just like all other VELUX products, VELUX domes are easy to order, come with a range of spare parts and are covered by a reliable guarantee and after-sales service.
- The simple way to improve your indoor climate by adding ventilation to your fixed VELUX dome.
- Add fall-through protection for a safer working environment on the roof and as a deterrent against break-ins.
- Like all other VELUX products, the VELUX dome products are extensively tested, so you can be sure they deliver the highest standards of safety and performance.
