VELUX blinds DOP (blackout roller blind DKL and awning blind MHL).

3 Year Guarantee

Get two products in one for blackout and heat protection. The VELUX blackout blind lets you enjoy a good night's sleep by delivering the best blackout effect on the market. VELUX blackout blinds with white side rails fit perfectly with your white VELUX roof windows. The VELUX awning blind blocks the sun's rays before they hit the glazing and helps keep your room cool with effective heat protection on warm, sunny days. Both products are easily installed from the inside, and fit perfectly with your VELUX roof windows.

- The best blackout on the market gives you complete darkness for a better night's sleep or an afternoon nap.
- Heat protection keeps your room cool and increases indoor comfort.
- Standard 100 by OEKO-TEX® certification guarantees the product is made without harmful substances.
- Install in minutes - simply click on the blind in the pre-fitted brackets.
- Slimmest profile design on the market lets more natural light in.
- Elegant blind design with white side rails, which fit perfectly with white VELUX roof windows.
- Stepless positioning allows you to lower the blind to exactly where needed.
- Pull the blind easily to any position with the integrated control bar.

Colours and patterns

VELUX interior blinds are available in a wide range of colours and designs. However, a few blind variants are only available in a limited range of colours. Each colour and design option has a unique code. Add the code of your choice to the relevant blind type when ordering your products.

Operation guidance

VELUX blinds DOP consist of two blinds.
The blackout blind comes with an integrated control bar and can be raised and lowered to any desired position.
The awning blind can either be rolled fully up or fully down. To roll down the awning blind, rotate the window 180° and fit the awning blind on the hooks on the outside of the bottom sash. When closing the window, the awning blind is automatically rolled out.
