

# VELUX electric blackout energy pleated blind FMC

VELUX electric blackout energy pleated blinds can be remote-controlled and give you all the sleep benefits of light-dimming. The double-pleated blackout cloth improves insulation and increases indoor comfort. The electric blackout energy pleated blinds connect seamlessly with your VELUX electric roof windows. VELUX blinds with white side rails fit perfectly with your white VELUX roof windows.

- Provides blackout effect for a relaxing atmosphere and a better sleep.
- VELUX electric blinds, awning blinds and shutters give you convenient remote control for extra comfort.
- Thermal insulation keeps your room at a comfortable temperature during winter.
- Slimmest profile design on the market lets more natural light in.
- Standard 100 by OEKO-TEX® certification guarantees the product is made without harmful substances.
- Install in minutes - simply click on the blind in the pre-fitted brackets and they are connected for remote control.
- Elegant blind design with white side rails, which fit perfectly with white VELUX roof windows.
- Compatible with VELUX ACTIVE with NETATMO - control your products from anywhere you want via smartphone or voice control.

## Colours and patterns

---

VELUX interior blinds are available in a wide range of colours and designs. However, a few blind variants are only available in a limited range of colours. Each colour and design option has a unique code. Add the code of your choice to the relevant blind type when ordering your products.

## Operation guidance

---

The VELUX electric double-pleated, light-dimming energy blind comes with a pre-paired wall switch for remote-control and can be raised and lowered to any desired position.

## Compatibility

---

Compatibility with VELUX roof windows:

Light-dimming blind FMC can be installed in GGL, VELUX electric GGL, GGU, VELUX electric GGU, and manually operated GPL, GPU, GZL, GLL, GLU, GGLS and GPLS.

As to sizes, please refer to the price list as continuous changes of the product programme are made. The blind can also be made to measure.

Compatibility with other VELUX sunscreening products, VELUX electric and solar products and VELUX ACTIVE products:

The blind cannot be combined with other interior suncreening products. It can be combined with exterior suncreening products and electric window operators. It can also be fitted with insect roller screen ZIL.
