Why VELUX®

Your VELUX roof windows deserve original blinds and shutters, for a perfect fit, beautiful design and long lasting performance.

1

Designed and tested for daily life

All VELUX products are **designed and tested for real life**. Our blinds are drawn thousands of times and exposed to extreme heat. Our shutters endure relentless battles with rain and wind. We pull, tug, and squeeze the material to ensure your product retains its colour and shape through years of use. And when we are happy with the design, our European factories start production.

2

Easy to install and use

Original VELUX blinds and shutters are **tailor-made for your VELUX roof windows**. This means they always fit perfectly and are easy to install – with no measuring or cutting. The elegant and slim frame design **ensures a perfect looking result**, making the blind almost invisible when not in use.

3

Your colours for your home

Enjoy an extensive choice of blind and shutter types in all styles and colours. You can even create your own customised blind with our **Colour by You** collection. And for choice of side rails you can now get a clean all white look.

4

For safety and sustainability

VELUX blinds have **child-safe cordless designs** to ensure safety in your home. And all our interior blinds are **OEKO-TEX® certified** and guaranteed free from harmful substances. VELUX roller shutters do double duty by protecting your room from overheating while actively deterring break-ins.

News

Discover our new modern collection

From classic to trendy, from light dimming to complete blackout, the VELUX blind collection features stylish colours, subtle patterns and a range of features to match all room types.

Our new blind collection is developed in partnership with leading international trend experts. Choose from a large variety of fabrics and colours in classic or more modern designs.

We offer three different roller blinds with flat fabrics, two types of pleated blinds, as well as our classic venetian blinds. All varieties come in a range of colours for you to mix or match by choosing different or similar colours across your rooms and blind types.

Your choice of blind depends entirely on your personal style, the room type, and whether you are looking to create a complete blackout or light dimming effects. Explore the following pages for more inspiration.

Customise the colour of your blind
If you cannot find the exact colour to match your taste or interiors, the Colour by You collection gives you thousands of additional colours to choose from.

Read more on page 25 or at veluxshop.nn/colour

Clean all white look

VELUX blinds are available with high-quality side rails in your choice of either brushed or white-painted aluminium.

Brushed aluminium works exceptionally well with our lacquered wood-finish roof windows while the white-painted rails become almost invisible when paired with

white VELUX windows. Furthermore, thanks to their UV-protection, the bright white will stay unaffected by sunlight.

The side rails are easy to install and designed to complement your VELUX roof windows beautifully.

Blackout or translucent blinds?

Blackout blinds will block any incoming light, making them a preferred choice for bedrooms and children's rooms where darkness is needed for a good night's sleep.

Translucent blinds, however, allow a dimmed light to enter into the room while effectively preventing glare. Translucent blinds are suitable for many room types like living rooms, home offices and game rooms.

Combine more products for optimal comfort

Pair your blinds with external heat-protecting shutters or awnings

Choose an exterior product for heat protection

See more on page 40

Pick your interior blind for light dimming or blackout

See more on page 16

Add an interior insect screen for further comfort

See more on page 45

Buy your blind and awning together and **save 10%**

See more on page 36

Select your level of comfort

From manual to fully automated blinds and shutters

Enjoy seamless remote control with **VELUX INTEGRA** electric or solar powered blinds and shutters

Upgrade your electric or solar powered blinds and shutters with **VELUX ACTIVE** for smartphone control and automatic heat protection

Manual operation

Simple hands-on solution

Your manual VELUX blinds come with a clever and discreet control bar that lets you adjust the blind comfortably.

The blinds run smoothly and can be positioned anywhere in the window.

Remote-controlled

Smarter controls with VELUX INTEGRA®

Simplify your home living with VELUX INTEGRA electric or solar powered blinds and shutters. Both versions come with a ready to use wall switch for fast and easy installation and operation.

 Select solar powered VELUX INTEGRA blinds and shutters for your manual or solar powered VELUX roof window. Installation is easy with no need to run cables.

 Select mains powered VELUX INTEGRA blinds and shutters for your mains powered VELUX INTEGRA roof windows.

Fully automated

Let VELUX ACTIVE® take care of your indoor climate

Adding VELUX ACTIVE with NETATMO to your VELUX INTEGRA roof windows, blinds or shutters connects your VELUX INTEGRA products so your blinds, awnings and shutters can automatically shield your home from excessive heat. Control it all with the intuitive VELUX ACTIVE with NETATMO app.

Read more on page 13
or at velux.nn/integra or velux.nn/active

Everyday home improvement with VELUX ACTIVE

Upgrade to a home that automatically improves your indoor climate and lets you control everything with a simple tap on your smartphone.

Read more at velux.nn/active

Sensor-based control

VELUX ACTIVE continuously measures the room temperature, humidity and CO₂ level and opens VELUX INTEGRA windows, blinds and shutters.

Proactive heat protection

Based on the weather forecast VELUX ACTIVE closes the VELUX INTEGRA exterior shutters and awnings before the room overheats.

Daily ventilation

Automatic ventilation ensures a fresh, healthy room climate. The rain sensor closes the windows immediately when it rains.

App control

You can operate your VELUX products from the existing wall switch, on your smartphone, or even by voice commands.

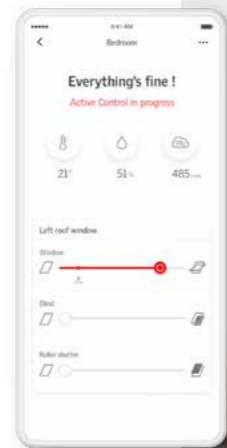

Absence switch

Allows you to quickly close all your VELUX INTEGRA windows when leaving your home.

Give your interiors a fresh update, add a splash of colour – or change the function of your room with new blinds for your VELUX roof windows. Only genuine VELUX blinds fit your VELUX roof windows perfectly – both new and old.

Installation of your genuine VELUX blinds is easier than you think

 Install your genuine VELUX blinds in 15 minutes

Installing VELUX blinds requires no measuring, trimming, cutting or extra tools. They are made for a perfect fit, and everything you need is included in the package.

No need to measure

You can find your roof window's type and size on the window frame – see how on page 50. Then you can be sure that your new blind fits your roof window perfectly without having to take any measurements.

No need to cut or trim – just click on

Your VELUX windows have pre-installed brackets for your blinds. Simply click on the original VELUX blind and add the pre-fitted side rails.

Easily replace your old blinds

It is straightforward to replace old blinds with new ones from VELUX. Everything needed is included in the package.

Roller blinds

Roller blinds are classic and popular solutions, available in three versions: Translucent roller blinds provide basic light control and privacy, blackout roller blinds block out all light day and night, and Duo blackout roller blinds offer both blinds in one convenient solution.

Translucent roller blind

Page 21

Blackout roller blind

Page 23

Duo blackout roller blind

Page 24

Exterior products

VELUX exterior products protect your home from overheating. Roller shutters provide complete protection from the elements while soft shutters offer heat protection and blackout. Awning blinds block the sun's rays before they enter your home and the transparent fabric preserves your view of the outdoors.

Soft shutter

Page 42

Awning blind

Page 43

Pleated blinds

Pleated blinds are decorative and offer flexible light control. They can be controlled both from the top and bottom and placed anywhere in the window. Pleated blinds are available in two versions: The translucent pleated blinds provide privacy and soften incoming daylight. The blackout energy pleated blinds provide blackout and improve insulation on cold nights.

Translucent pleated blind

Page 31

Blackout energy pleated blind

Page 33

Venetian blinds

Venetian blinds are classic solutions for light dimming and privacy. They are low-maintenance and moisture-resistant, making them the perfect choice for bathrooms and kitchens.

Venetian blind

Page 35

Insect screens

Insect screens offer protection from flies, mosquitoes, wasps and other insects so you can enjoy insect-free fresh air.

Insect screen

Page 45

Blinds for flat roof windows

Blinds for VELUX flat roof windows are specially designed to control light, keep out the heat or insulate from the cold. Convenient remote operation gives you power at the touch of a button.

*For old VELUX roof window generations (VES), a ZOZ 238 installation kit is needed. For copper VELUX roof windows, a ZOZ 240 installation kit is needed. For VELUX INTEGRA GPU roof windows, a ZOZ 229S kit is needed.

Let the light in while keeping the bugs out with VELUX insect screens

0000

Combine with an interior blind for light adjustment and exterior awning or shutter for heat protection. See pages 16-17

Insect screen

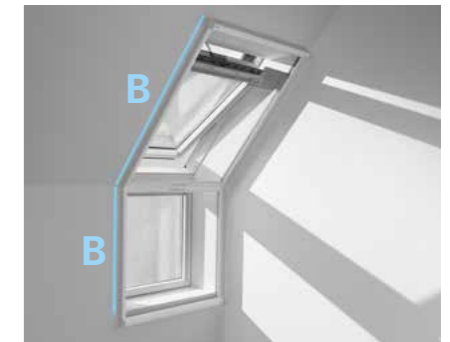

Enjoy fresh air without insects. It is easy to operate and you can combine it with any other VELUX interior blind or exterior heat protection solution.

- 100% insect-proof
- Transparent net fabric retains view outside
- Durable, wind resistant fabric for long-lasting performance

Quick and easy installation on VELUX roof windows.

Measure the inner wall width (A) and height (B) to find the size code and price of your insect screen.

If you have two heights (B) or heights above 2400 mm – two insect screens and one connector set Z02 157 SWL are needed.

Order your new VELUX blind in five easy steps

1

Locate your window type and size

Find your window's type and size by checking the type sign placed either on the left or right side of the window frame when it is open.

See picture below for placement of type sign.

2

Select blind type

Decide on the type of blind: Blackout, light adjustment, heat protection etc.

Go to overview page 14.

3

Select blind operation

Select manual, mains powered or solar powered operation, depending on the placement and type of roof window.

4

Select colour

Each of our blind colours has its own colour code, which you can see on the respective blind pages.

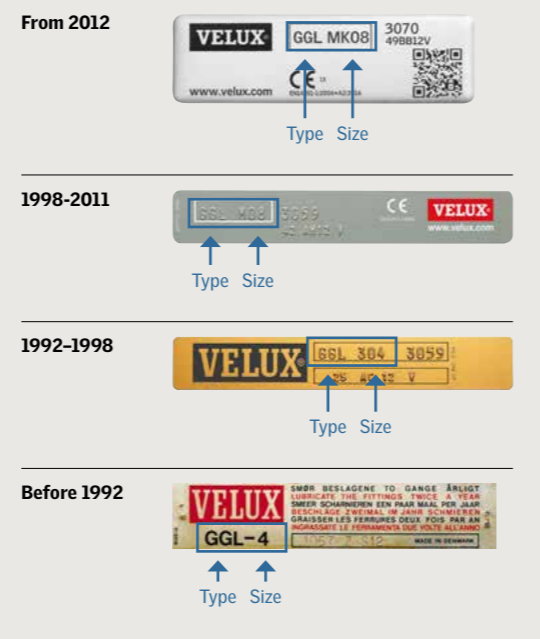

You can order free fabric samples at veluxshop.nn

Please note: Precise colour may vary from the printed samples.

5

Place your order

Order on veluxshop.nn, or by speaking to one of our dealers or a customer service representative.

Extras for your blinds and shutters

Rod control

ZCZ 080 80 cm XX€
ZCT 200 telescopic 108-188 cm XX€

The rod makes it easy to operate out-of-reach manual blinds.

Rod adaptor control bar

ZOZ 085 XX€

Adaptor for manual blinds with control bars supports easy operation with the rod.

Rod adaptor basic

ZOZ 040 XX€

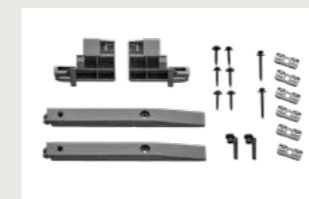

Adaptor for basic roller blinds (RHL) makes it possible to operate the roller blind with a rod.

Mounting brackets

ZOZ 230 XX€

For installation of blinds with white side rails and electric or solar powered interior blinds on older VELUX roof windows without pre-installed mounting brackets.

Installation kit

ZOZ 238 XX€

For installation of soft shutter and electric awning blinds (SSS, MSL or MML) on VELUX roof windows from before 1998.

Installation kit

ZOZ 240 XX€

For installation of soft shutter and electric awning blinds (SSS, MSL or MML) on copper VELUX roof windows.

Installation kit

ZOZ 229S XX€

For installation of soft shutter and electric awning blinds (SSS, MSL or MML) on VELUX INTEGRA GPU roof windows.

Dual solar switch

ZOZ 246 XX€

For installation of solar powered soft shutters and awning blinds (SSS or MSL) on smaller VELUX INTEGRA solar powered roof windows (sizes C and F).

Customer service

Could you use some advice when selecting your blind, or do you have a question about a particular product? Whatever your question, we're here to help and strive to respond promptly to all requests.
