VELUX vented dome CVJ, 15 cm

The VELUX vented dome is a simple daylight solution for uninhabited rooms or buildings such as a small production factory, a car service or a stock facility. Whenever required the dome offers fresh air at the touch of a button.

- Enjoy better indoor air quality and a comfortable indoor temperature with our electric dome that opens up to 300 mm.
- Connect our electrical motor directly to your mains grid and improve your indoor air quality instantly.
- Use pre-mounted brackets for the hassle-free way to install an electrical motor.
- With the sturdy packaging, you can be sure your VELUX domes arrive on site safely and undamaged.
- Just like all other VELUX products, VELUX domes are easy to order, come with a range of spare parts and are covered by a reliable guarantee and after-sales service.
- For easy and convenient installation, the VELUX dome is delivered with few, large components.
- Meet customer needs and your local conditions with three different base sizes.
