VELUX fixed vertical window element VIU

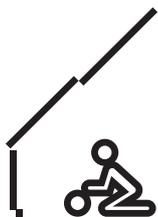

10 Year Guarantee

15°–55°

Extend your views with a fixed, vertical window element. The window element fills the vertical space between the floor and the bottom of the roof window to provide more expansive views and more natural daylight. A maintenance-free, long-lasting polyurethane coating makes the window the perfect choice for any room in your home.

· Experience more daylight and extend your view by adding a vertical window element.
· A seamless look is made possible by the slim connection to the roof window.
· Maintenance-free, polyurethane coating makes the window ideal when easy maintenance is key.
· Increase the amount of light in your rooms with the white polyurethane coating.

Application guidance

The vertical window element is always fixed to the bottom frame of a sloped roof window. The installation angle of the sloped window when combined with a vertical element is limited to 15-55°. The installation angle within this range is determined by the sloped roof window type and the flashing type with which it is installed.

The vertical window element VIU is installed vertically directly below a VELUX roof window. As it stretches nearly to the floor, it provides more daylight and an enhanced view when standing and when seated. The vertical window element VIU is fixed and cannot be opened.
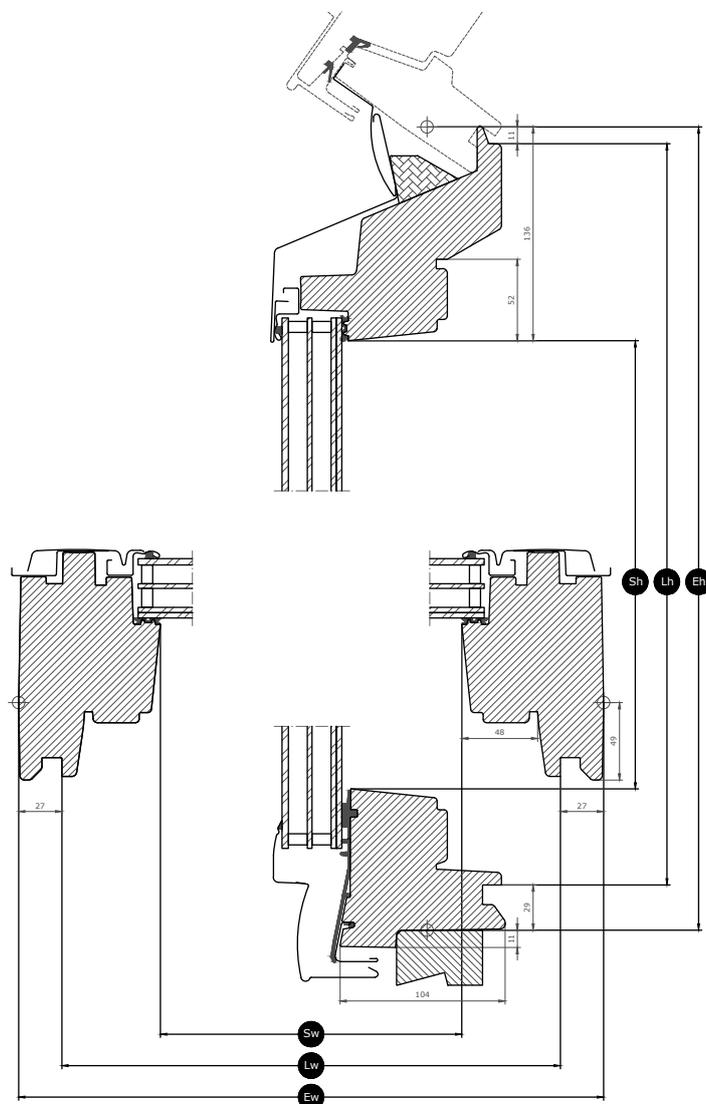

Available sizes and daylight area

The size overview shows the availability across the different glazing variants. Please note that the individual glazing variant may not be available in all the sizes shown.

	780	942	1140	1340
601	VIU MK31 (0.22) []	VIU PK31 (0.28) []	VIU SK31 (0.36) []	VIU UK31 (0.43) []
955	VIU MK35 (0.44) []	VIU PK35 (0.56) []	VIU SK35 (0.70) []	VIU UK35 (0.85) []
1155	VIU MK36 (0.56) []	VIU PK36 (0.71) []	VIU SK36 (0.89) []	VIU UK36 (1.08) []

Colour code nearest RAL, outer surface	7043	No colour code

Cleaning and maintenance

Frame and sash of the vertical window element can be cleaned with ordinary household cleaners. If necessary, the outer glass surface is cleaned from the outside.

VELUX repair and maintenance kits are available.

Guarantee period

10 Year Guarantee

The full terms and conditions of the VELUX Product Guarantee are available on our website www.velux.co.uk or www.velux.ie

Flashings and installation products

Flashings
Install the VELUX roof window in virtually any roofing material by using genuine VELUX flashing solutions. Our flashings are designed specifically for the exact size and shape of the roof windows to create perfect, watertight fit. Flashings can also be used to combine multiple roof windows.

Installation products
Ensure a proper installation and an air- and watertight connection between the window and roof with VELUX installation products. All installation products are designed to perfectly fit the roof window for a reliable and durable result.

Blinds, awnings and shutters

Complete the VELUX roof window installation with roller shutters and awning blinds for heat protection and interior blinds for light dimming, blackout and insect protection. Choose from a wide range of manually operated or remote-controlled products that are made to fit the particular window type and size. Please contact your local VELUX sales company for more details about compatibility.
