

CROSS-SECTION

Curb &
insulation –
Provided
by installer

General Notes

1. This drawing emphasizes the TCR 014 VELUX SUN TUNNEL Skylight. It illustrates a general arrangement layout (plus recommendations) for a VELUX TCR installation in a 0–60 degree roof pitch application utilizing a hard finished (i.e. drywall type) ceiling installation.
2. The architectural/structural design and specifications for the inclusion of a tubular daylighting device, such as the VELUX TCR 014, in any roofing/ceiling application is determined and provided by others. The design criteria includes, but is not limited to design loads, structural configurations, structural framing member sizes and material, architectural finishes and integration with the roofing/ceiling systems of the building. VELUX assumes no responsibility or liability in the design, construction and performance of a building structure by others.
