VELUX insect screen ZIL.

3 Year Guarantee

Keep your views and enjoy fresh air. The VELUX insect screen protects your home from insects without getting in the way of your windows. It is simple to install by one person, easy to operate, and it can be stowed neatly in the slim top casing when not in use. The insect screen comes in a contemporary white design, fits perfectly with VELUX roof windows and can be combined with all interior blinds or exterior heat protection products.

- Insect protection keeps your home free from unwanted visitors while letting in fresh air.
- The insect screen can easily be installed by one person.
- A durable, transparent fabric gives you peace of mind without obstructing your view.
- Enjoy an elegant and contemporary design with no visible screws.
- Manual-operation insect screens are a great choice for windows that are within reach. Smoothly place the insect screen in either open or closed position.
- Standard 100 by OEKO-TEX® certification guarantees the product is made without harmful substances.

Colours and patterns

VELUX insect screens comes with a durable and transparent net fabric. Add the code of this fabric when you order your insect screen.

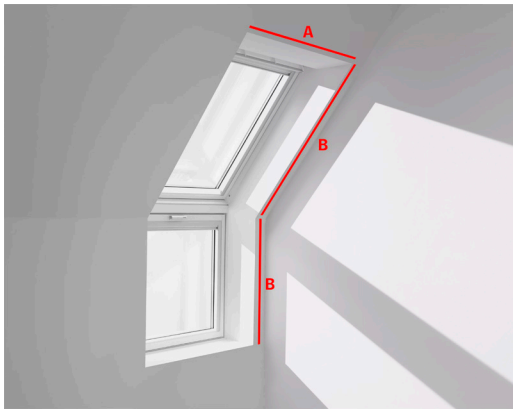

0000

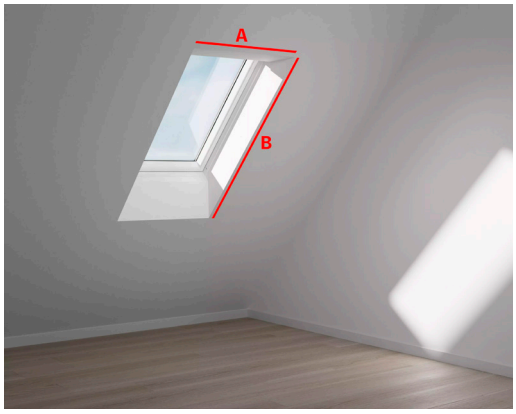

Operation guidance

The insect screen can be raised and lowered manually with a control bar that can be set in fully open or fully closed position.

Application guidance

IMPORTANT: Insect screen size codes may differ from the window size code. Therefore, please measure the inner wall width (A) and height (B) when you are to look for the size code. If you have two heights (B) or heights above 2400 mm – two insect screens and one connector set ZOZ 157 SWL are needed.
