VELUX blackout energy pleated blind FHC.

3 Year Guarantee

VELUX blackout energy pleated blinds boost your home's energy efficiency while giving you all the benefits of blackout. The double-pleated blackout cloth has an aluminium honeycomb structure that improves insulation and an innovative flying design that allows for the blind to be placed anywhere in the roof window to provide blackout, privacy, or light control.

- An extremely high blackout effect gives you great conditions for a good night's sleep or an afternoon nap.
- Thermal insulation keeps your room at a comfortable temperature during winter.
- Standard 100 by OEKO-TEX® certification guarantees the product is made without harmful substances.
- A flying design lets you position the blind exactly where it is needed in the window while still letting light in.
- Slimmest profile design on the market lets more natural light in.
- Install in minutes - simply click on the blind in the pre-fitted brackets.
- Stepless positioning allows you to lower the blind to exactly where needed.
- Pull the blind easily to any position with the integrated control bar.

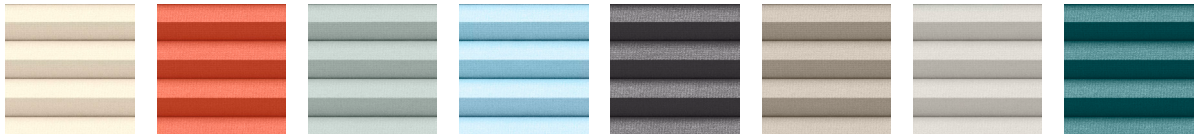
Colours and patterns

VELUX interior blinds are available in a wide range of colours and designs. However, a few blind variants are only available in a limited range of colours. Each colour and design option has a unique code. Add the code of your choice to the relevant blind type when ordering your products.

1045 1047 1049 1155 1156 1163 1164 1165



1166 1167 1168 1169 1170 1171 1172 1173

Operation guidance

The double-pleated blackout energy blind is not fixed at the top, so it can be positioned anywhere on the window by adjusting the control bars at top and bottom.
