

VELUX awning blind MHL.

VELUX®

Keep your home cool by reducing solar heating. The VELUX awning blind blocks the sun's rays before they hit the window pane and helps keep your room cool with effective heat protection on warm, sunny days. The VELUX awning blind is transparent, so you always can enjoy your views and natural light. Easily installed from the inside.

- Heat protection keeps your room cool and increases indoor comfort.
- Preserve your outside view, reduce unwanted glare and incoming sunlight
- Designed to fit for quick and easy installation from the inside
- Maintenance-free design delivers peace of mind for the lifetime of your product.
- Manually operated blinds are a great choice for windows that are within reach.
- Built to last, the wind-resistant awning blind has been strength-tested in our testing facilities.

Colours and patterns

VELUX awning blind has a transparent mesh fabric. Add this fabric colour code to your awning blind type when you order your products.

5060

Operation guidance

To roll down the awning blind, rotate the window 180° and fit the awning blind on the hooks on the outside of the bottom sash. When closing the window, the awning blind is automatically rolled out. To roll up the awning blind, rotate the window 180°. Detach the awning blind from the hooks and it is automatically rolled up.
