The innovative, maintenance-free curved glass top unit is a revolution in flat-roof window design. The premium choice for homeowners that are looking for a glass-to-edge design that boosts the appearance of their homes and delivers a full, clear view. Engineered to reduce noise from traffic and weather, and compatible with interior sunscreening and heat protection accessories.

- Complement your flat roof with the innovative CurveTech glass construction that offers a unique, premium look.
- Increase your comfort and the lifetime of your flat-roof window with the maintenance-free, scratch-resistant, sleek glass top.
- Rain water and leaves are easily drained away, even in roofs with 0° pitch.
- Enjoy comfortable control of heat and light with our complete selection of blinds for flat-roof windows.
- Get maximum protection from extreme weather with the toughened, scratch-resistant outer glass.
- Enjoy a quieter indoor environment from the efficient sound reduction of outside noises.
- Window sealant is placed underneath the outer glass to provide a cleaner, more durable finish.

## Application guidance

The curved glass top unit can be installed with all base units (except flat-roof smoke ventilation window CSP and flat-roof exit window CXP) within the roof pitch range of 0° to 15°.

Combine the curved glass top unit with a base unit that meets your need for daylight and ventilation. Choose the electrically-vented base unit CVP for fresh air at the touch of a button or the fixed base unit CFP if your primary need is to bring daylight into the room.

## VELUX fixed flat-roof window CFP U, Glazing 73UT

An easy and effective way to bring daylight into rooms with little or no natural light, the fixed base unit CFP U transforms any space from dark and dull to bright and beautiful. ThermoTechnology™ insulation and energy-efficient double-glazing keep your home warm and increase your indoor comfort. Compatible with all VELUX flat-roof top units.

- Tilted interior frame design increases the amount of daylight that enters your room.
- ThermoTechnology™ insulation and double-glazed glazing increases overall energy-efficiency.
- The maintenance-free white PVC base unit reflects more natural light to brighten your room.

Composition (from inside to outside)	7.5 mm laminated float glass - 14,5 mm Argon - 4 mm float glass	7.5 mm laminated float glass - 14,5 mm Argon - 4 mm float glass	6.8 mm laminated float glass - 14,5 mm Argon - 4 mm float glass

## Cleaning and maintenance

Cleaning of the top unit is only possible from the outside. When cleaning the top unit, do not open the window. For electrical windows, switch off the mains supply.

To clean inner surface of top unit and outer glass surface of base unit, remove cover caps and screws to remove the top unit and fasten again after cleaning.

In regions with heavy snowfall, snow masses on the flat-roof window must be removed on a regular basis.

## Guarantee period

## Blinds and awnings

Complete your VELUX flat roof window with a blind for complete comfort. Choose from a range of blinds, including a translucent pleated blind for softening the light, anti-heat blind for heat protection and blackout energy pleated blind for darkening the room.

Use VELUX App Control or VELUX ACTIVE with NETATMO for smartphone control of your vented flat roof window and blinds.
